

Lend a hand in...

Mittens for Detroit's The Big Sort

With more than 20,000 pairs of new mittens and gloves donated every winter, **Mittens for Detroit** is fortunate to have great volunteers who help us get these onto the hands of people in need. These are volunteers who participate in **The Big Sort**!

WHAT'S THE BIG SORT?

The Big Sort is actually a series of little Big Sorts, occurring from July through March every year. Volunteer groups ranging from 2-15 people spend 2-3 hours processing the pairs. It's a very hands-on and fun experience, and many Big Sorters come back year after year. Your group will have a great team-building event or team celebration!

WHAT HAPPENS AT THE BIG SORT?

Our **Community Collection Partners** deliver the pairs they collect to our office located in downtown Detroit (by Campus Martius) where teams of volunteers sort them by size, count them, and box the pairs for pick up by our **Distribution Partners**. Working together, the volunteers have a fun and meaningful volunteer experience.

RESERVE YOUR BIG SORT EVENT TODAY!

Dates and times for the Big Sorts are flexible, and we would love for your business, social group, school, sorority, fraternity, club, and more to come and volunteer, working together to warm hands and hearts.
